you will NEED

PREPARATION

- ★ Colouring pencils, crayons, felt tip pens or other art materials.
- ★ Distribute enough copies of **Draw Max!** to each child
- ★ Distribute enough art materials to each table

Activity

Watch the film about Max at www.genesareus.org/filmlibrary/maxsstory.

Ask children to choose a part of the film to show what Max looks like or his interests. What can they remember about what Max looks like? What does he enjoy doing? They will then create a drawing from this scene. For example, this might include Max playing football, spiking his hair up with his brother, eating breakfast or brushing his gums.

Ask children to draw their picture in the space provided. Children can then colour their drawings in and write their name in the space provided.

You may decide to display these drawings as a class display.

EXTENSION

Ask children to look at themselves in a mirror and have a go at drawing themselves. Ask children to think about what they would like around them in their picture to show their interests. What is important to them? For example, they could think about their favourite colour, animal, sport, object or even their favourite food! Look in magazines, use stickers and show their favourite things by cutting these out. Ask them to stick the collage pieces on to their portrait using Pritt stick.

you will NEED
