

# ALL ABOUT ASHLEY

Fill in the gaps using the words below. The first one has been done for you.

Ashley is eleven years old. He has a \_\_\_\_\_ condition called \_\_\_\_\_ syndrome. It means that the \_\_\_\_\_ and other structures in his \_\_\_\_\_ and neck did not form properly before he was born. His condition will not get \_\_\_\_\_ as he grows up.

People who have genetic conditions are \_\_\_\_\_ with them. Their children may \_\_\_\_\_ the condition too.

Ashley has very small \_\_\_\_\_ and uses two hearing \_\_\_\_\_. He sometimes struggles to hear in class because it is too \_\_\_\_\_.

When Ashley was at primary school he was \_\_\_\_\_ because of the way he looked. At \_\_\_\_\_ school he is getting on well and has a group of \_\_\_\_\_.

Ashley has been offered \_\_\_\_\_ on his ears, but he said \_\_\_\_\_. He says he is \_\_\_\_\_ as he is. Ashley's mum describes him as "a \_\_\_\_\_ child who just happens to look \_\_\_\_\_".

Ashley loves \_\_\_\_\_. He particularly likes \_\_\_\_\_ songs.
